Coaching Guidelines

The following items are general guidelines for coaches to follow while working at Nashville Middle School.

1. All coaches will inform participants of time, date, and any other requirements for tryouts. Also, inform the office, Athletic Director, and the media of this information.
2. All coaches will notify the A.D. of any major problems with parents or players.
3. All coaches will be sure to check physicals and proof of insurance with participants and turn this information in to the office.
4. All coaches will collect, inventory, and check all equipment into the storage room at the end of the season.
5. All coaches will conduct practice sessions in such a manner that all participants have an opportunity to improve on fundamentals of that sport.
6. All coaches will set an example for players to follow. Any coach removed from an athletic competition, will serve a one game SIJHSAA suspension and an additional suspension to be determined by the administration.
7. All coaches will make sure that all participants have a schedule and bus time list for the scheduled games. Also, make sure any participants not riding the bus home, have been signed out.
8. All coaches will be expected to participate in the sports award night and group pictures at the Middle School.
9. All scheduling must be approved by the A.D.
10. All coaches should familiarize themselves with eligibility requirements for the district.
11. All coaches must remain with participants after a practice or game until all participants have secured a ride home.
12. All coaches must make arrangements for getting the field or gym prepared for games and practices.
13. All coaches need to inform radio and newspaper about results of the contests.
